## A GOOD DEMO TESTS THE REAL EXPERIENCE

01

### First contact

“Hi, I’d like to leave my name and number for someone to call me back.”

02

### Call handling

“Could you take a message and confirm what details you need?”

03

### Follow-up

“How would the business know I called, and what happens next?”

## PREFER A DEMO CONFIGURED TO YOUR FIRM?

Share your practice name, website and preferred call scenarios with your AutoReception partner. We can prepare a tailored demonstration of new enquiries, existing-client messages and approved call routing.
